FURS AND LACE
ENHANCE THIS
STREET SUIT

By BETTY BROWN.

NEW YORK, Oct. 13. — Nothing could be richer in conception than the winter street suit sketched today. It is made of velour de laine in the wonderful new color called bronze citron. The fur pockets, collar, cuffs, muff and hat are of gray squirrel. The little close-fitting turtleneck is relieved with a trim of French violets.

The most noteworthy thing about this suit is its absolute simplicity of line. The soft belt of self material onto which the skirt of the coat is gathered, as well as the suggestion of fullness in the coat proper, hints at the Russian blouse which is so popular this season.

It will be observed that the model posing in this suit is also showing a frosted waist. Though waist designers have been trying for months to get away from ruffles, it is impossible to discard this dainty and attractive style. Women cling to frills because of their softening influence upon every costume with which they are worn. And with furs nothing is more effective than just a suggestion of falling lace.

WILL PRINT NAMES
ON RED CROSS LIST

This is One of the Plans for the Third Annual Roll Call.

An effort will be made in connection with the Third Annual Roll Call of the Fairmont chapter of the American Red Cross to get the names of every contributor and to list these

names in proper order so that it will be easy to ascertain the membership in the Red Cross that continues to be identified with the organization in peace times. The present plans are to print these names, with postoffice addresses.

The Fairmont chapter and the 31 auxiliaries throughout the country get the names of those who renew their membership in the organization and the list will be printed in The West Virginian from time to time, possibly as many names as are secured each day in the city and printing the list of memberships throughout the county as rapidly as they are turned into the headquarters in the court house.

The printing of all names will not only serve as a check on memberships obtained but will prevent any possible failure of anyone renewing membership or taking a new member.

ship and not having proper credit. The list when completed will identify the continuing members of the organization and will include those who realize the value of such work in peace times as well as when the country is engaged in war.

It is being emphasized that where the head of a family takes membership for every member of the family each one should be listed separately.

BARTLET POST CHARTER.

The charter for George Bartlet post (colored) of the American Legion will be on display at the meeting of the post called for tomorrow evening. A new lot of membership buttons will be on sale tomorrow night, a first assignment having already been disposed of.

Catch Your Cold

Ah, but that's easy. The easiest thing a system does in the fall is to accumulate a cold. Yet it might be one of the easiest things to remedy, too. For instance—K-N-O-COLD TABLETS—this fine combination of the breaking up of colds as ever any system responded to its quick because it's active. It's thorough because of this same activity. It's remedial and it's safe. A mighty good thing to depend on.
